EXECUTIVE SUMMARY

I graduated from XAMK University with Information Technology degree in June, 2023. I am now focusing on web development and Front-end designing. That's why I had finished many online courses to strengthen my skills.

WORK EXPERIENCE

I had finished many online courses from some MOOC platform such as Coursera, Udemy, Freecodecamp. Besides, I also worked on my thesis related to web application which I had worked with React, JavaScript, CSS, Material UI, Firebase Authentication, Firebase Storage to develop an online courses management for student.

ACADEMIC BACKGROUND

2020-2025: Kakkois-Suomen Ammattikorkeakoulu – XAMK, Mikkeli, Information Technology

I had been studying at XAMK, Mikkeli in Information Technology since 2020. From the end of the 2nd-year, I worked on my thesis to build up a web application for recording personal online courses and projects with TailwindCSS, React, Firebase as the core technology. From my web application, I want to help students to record their personal courses and projects which may be from many MOOC platforms, then their professors can give them advice and education direction based on what they had done within the historical list.

TECHNICAL SKILLS

JavaScript

ReactJS

HTML/TailwindCSS

Firebase

NodeJS

MVC

PERSONAL COURSES and PROJECTS

Coursera.org: The courses had finished including Developing Innovative Ideas, Fundamentals of Project Planning and Management, Scaling operation, Ignite your everyday Creative.

Viope.com: The courses had finished including: An Introduction to JavaScript, Introduction to C# programming, ReactJS Fundamentals, SQL, and Relation Databases, NodeJS.

Freecodecamp.org: JavaScript Algorithms and Data Structures, Legacy Responsive Web Design.

Personal projects: Create a web page for my son's birthday by React. Build up web application works as school recording to record personal online courses and projects based on Tailwind CSS, React, and Firebase. Build up XAMK Sign-In, Sign-up, authentication web app base on React Native and React, Firebase.

CERTIFICATES

Fundamentals of Project Planning and Management, Design Thinking for Business Innovation, Scaling operations: Linking strategy and execution, by **Coursera.org**.

JavaScript Algorithms and Data Structures, Legacy Responsive Web Design Certification by **Freecodecamp.org**.
